

Problem solving – multiplication and division 2

1 a) How many jam tarts are on each tray?

$$\square \times \square = \square$$

There are $\square$ jam tarts.

$$\square \times \square = \square$$

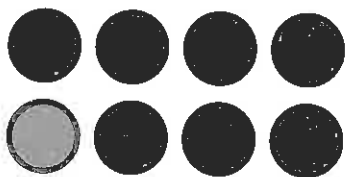

There are $\square$ jam tarts.

b) How many jam tarts are there in total?

$$\square + \square = \square$$

There are $\square$ jam tarts in total.

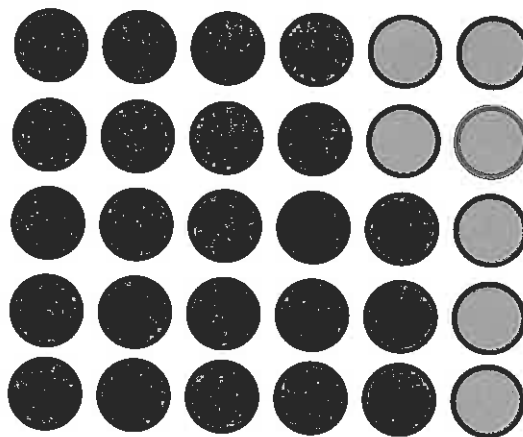

2 How many counters are there in total?

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square + \square = \square$$

There are $\square$ counters in total.
