

CHALLENGE

- 5 a) Use the squared paper below to draw a rectilinear outline of a factory with two chimneys.

Keep to the squares. Your factory needs to have a flat roof.

- b) Label the length of each side.
 c) What is the perimeter of the factory? _____

Reflect

Amy is working out the perimeter of this shape.

1 cm

She says that it is 26 cm.

1	2	3	4	5			
26				6			
25				7			
24				8			
23				9	10	11	12
22							13
21	20	19	18	17	16	15	14

Is Amy correct? Yes / No (Circle your choice.) Explain why.

● _____
