

Friday 13th March 2026

It has been another exciting week in school, full of opportunities for our pupils to explore, learn and celebrate together.

This week we have been taking part in British Science Week. Throughout the school, children have been exploring scientific ideas, asking questions and developing their curiosity about the world around them and beyond. Activities across different year groups have encouraged investigation, creativity and problem solving, and it has been wonderful to see pupils so engaged in discovering how science helps us understand our everyday lives.

In Reception, the children received a very special delivery of live caterpillars. They are excited to watch them eat their food and grow bigger each day. Soon the caterpillars will form a chrysalis and begin their amazing transformation into butterflies. Once they are ready, the children will help move them into the butterfly house, watch their wings dry and then set them free. It is a fantastic opportunity for the children to observe the life cycle of a butterfly up close.

In Year Four, pupils have been taking part in whole class brass instrument tuition. They are making excellent progress and it has been wonderful to hear their confidence grow as they learn new musical skills. We are very proud of how well they are doing and look forward to hearing more from them as the term continues.

Headteacher: Mr M Nicholson

Our Year Two pupils had a fantastic trip to Skegness Grammar School where they took part in a multisport event. The children represented our school brilliantly. They demonstrated superb athletic ability, showed great enthusiasm and, most importantly, worked together with excellent teamwork and encouragement for one another. We are very proud of how well they conducted themselves throughout the event.

Today we are also looking forward to the Mother's Day event organised by the PTFA. Events like these are always lovely. We would like to thank the PTFA for their continued support and hard work in organising these special occasions.

Next week we will also be holding Parent and Child TT Rockstars sessions. These sessions are a great opportunity to join in with your child and find out more about how you can support them with learning their times tables at home. The sessions will run from 8:40–9:00am in the Hall.

- Tuesday 17th March– Miss Opie's class
- Wednesday 18th March – Mrs Heiatt's class

We hope you can join us. Please register via Parent Hub if you would like to attend.

Next Friday we will be supporting Red Nose Day, helping to raise money and awareness for Comic Relief. Children are invited to take part in a non-school uniform day and are encouraged to wear something red. We will also be holding a cake stall, and any donations of cakes or sweet treats would be very gratefully received.

Thank you, as always, for your continued support. We hope everyone has a wonderful weekend.

Yours sincerely

Mr Nicholson
Headteacher
